Profile

Results-driven Digital Marketer and emerging Web Developer with hands-on experience in social media management, paid advertising, video production, and e-commerce operations. Proven ability to drive tangible business outcomes — including **PKR 450,000+ in e-commerce sales** — through data-informed strategies and creative content. Currently pursuing a BSc in Computer Science while actively expanding full-stack web development skills.

Experience

Ongoing **E-Commerce Store Owner**, *Self-Managed Online Store*

- Generated over **PKR 450,000+** in revenue through strategic product selection and targeted digital marketing.
- Planned and executed paid advertising campaigns via **Meta Ads Manager** to maximise product reach and return on ad spend.
- Handled end-to-end store operations including inventory, customer service, and order fulfilment.

Jan 2026 – **Web Developer (Self-Learning)**, *Independent Projects*

- Building responsive, modern web interfaces using HTML, CSS, JavaScript, and front-end frameworks.
- Applying UX principles to create clean, user-focused digital experiences.
- Continuously shipping personal projects to deepen real-world development skills.

Jan 2024 – **Marketplace Ads Specialist**, *Evergreen Furniture Canada (Remote)*

- Ran geo-targeted ad campaigns to attract qualified local buyers in the **Montreal region**.
- Wrote compelling ad copy and managed inbound customer inquiries, converting leads into confirmed buyers.
- Analysed campaign performance metrics and optimised creatives to improve cost-per-lead.

Aug 2023 – **Digital Marketer & Content Creator**, *Global Homeo Hub*

- Produced AI-powered marketing videos using **InVideo AI** with realistic voiceovers generated via **ElevenLabs**.
- Edited and refined video content in **Adobe Premiere Pro**, including colour grading, audio clean-up, and pacing enhancements.
- Designed high-CTR YouTube thumbnails that increased organic click-through rates.
- Managed daily content publishing and audience engagement across **Instagram, Facebook, and YouTube**.

Education

2025 – **Bachelor of Science in Computer Science (BSCS)**, *Government College University Faisalabad*

2023 – 2025 **Intermediate – Computer Science (ICS)**, *Nusrat Jahan College, Chenab Nagar*
